EVERWIN VIDHYASHRAM

Marks: 20

STD: VI

PA4 – MATHS (PART – I)

Time: 30 min

I. Fill in the blanks:

3x1=3

1. The decimals with the same number of decimal places are called \_\_\_\_ decimals.

2. 1 paise = Rs \_\_\_\_.

3. Put an appropriate sign: [ $>$ ,  $<$ ,  $=$ ]  $1.8 \square 1.800$ .

II. Match the following:

3x1=3

1. 0.04 - 12.3

2. 33.9 – 21.6 - 0.007kg

3. 7g - 4 hundredths

III. Solve the following:

3x2=6

1. Find the sum:  $0.008 + 9.5 + 39.085$ .

2. Write as decimals:  $50 + 8 + \frac{6}{10} + \frac{9}{100} + \frac{7}{1000}$ .

3. Express as km using decimals: 9358m.

IV. Solve the following word problems:

2x4=8

1. Lata spent ₹35.75 for Maths book and ₹32.60 for science book. Find the total amount spent by Lata.

2. Meena travels 20km 50m everyday. Out of this she travels 10km 200m by bus and the rest by auto. How much distance does she travel by auto?
