C. Comprehension:

Big on Breakfast

Do you eat breakfast everyday? People who eat a balanced breakfast are
healthier than those who don't. One reason is that most people eat whole
grains at breakfast, and they have good health. Breakfast eaters have fewer
health problems than those who skip it . People who don't eat breakfast usually
eat too much later in the day which leads to weight gain and other problems.

So, be sure to eat breakfast. It is the most important meal.

Read the above passage and answer the following questions:

1. Who are more healthier? (1x2=2)

2. _____ have fewer health problem (1x1=1)
