Maths – TT

20 Marks

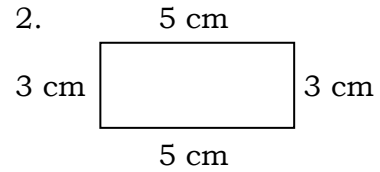

I. Look at the figure given below and calculate the perimeter and area of each of them. (2X5=10)

1.

Side= 4cm

2.

II. Find:

(4 X 2½=10)

1. Find the perimeter of square, side is 7 cm.
2. Find the perimeter of Rectangle, Length = 8cm, Breadth = 2cm
3. Find Area of Square, Side is 2.5 cm.
4. Find Area of Rectangle, Length = 4.5 cm, Breadth = 4cm.
